
professional experience

Creative Director/Senior Designer Consultant -Komerska Design

2001 - present

Lead design and creative direction for high-impact marketing materials for print, Web and multimedia. Also experienced in developing production schedules and design budgets, overseeing a team of design resources and interfacing with client as main creative contact.

Senior Designer - Flywire Inc.

1998 - 2001

Lead designer for various projects, was also responsible for overseeing team of support designers and worked closely with team of developers to ensure design integrity throughout web project lifecycle.

Senior Designer Consultant - Cat Head Design

1993 - 1998

Provided lead and support design for variety of clients in interactive and broadcast production. Tasks included designing, storyboarding, graphic production and HTML for websites, corporate CD-Roms and kiosks. Also worked as a broadcast news designer for NBC affiliates in Los Angeles.

Junior Broadcast Designer - LoConte/Goldman Design

1992 - 1993

Designed broadcast-ready projects such as show opens, bumps and over-the-shoulder graphics under Creative Director's guidance. Also provided support production for team's senior designers and video editors.

Broadcast Designer - The Monitor Channel

1991 - 1992

Responsible for maintaining look and feel of daily national news shows by integrating existing design into the production of over-the-shoulder news graphics, full-screen maps and other show elements. Work performed under daily tight time constraints due to broadcast deadlines.

education

Boston University's School for the Arts / BFA in Graphic Design, 1991.
